

RAFAH ALNABULSY

AI ENGINEER | GENERATIVE AI

Phone: +962787175383

Email: rafahr007@gmail.com

LinkedIn: www.linkedin.com/in/rafah-alnabulsy

OBJECTIVES

AI and Data Science professional specializing in Generative AI, with a strong foundation in programming, AI development, and data-driven solutions. Experienced in machine learning, NLP, and generative AI applications through academic projects and professional upskilling programs. Demonstrates strong communication, leadership, and teamwork skills developed through community engagement and project-based learning environments. Passionate about applying AI technologies to solve real-world problems and contribute to innovative, technology-driven organizations.

EDUCATION

AI Hussein Technical University (HTU)

Generative AI Upskilling Program – YGA

October 2025 – Present

- **Technical Training (180 Hours):**
Comprehensive hands-on training in Generative AI, including foundation models, fine-tuning, LLM applications, prompt engineering, and extensive project-based implementation.
- **Professional Skills Development (60 Hours):**
Strengthened communication, teamwork, problem-solving, and time management skills through a structured, project-based learning environment aligned with workforce requirements.
- **English for Business (100 Hours):**
Advanced business communication, professional writing, presentations, and workplace interaction.

Mutah University

October 2021 – February 2026

B.Sc. in Data Science and Artificial Intelligence

TECHNICAL SKILLS

- **AI & DATA SCIENCE:** MACHINE LEARNING, GENERATIVE AI, NLP, PATTERN RECOGNITION, DATA ANALYSIS, MODEL EVALUATION, ETHICAL AI
- **GENERATIVE AI & LLMS:** FOUNDATION MODELS, FINE-TUNING, PROMPT DESIGN & OPTIMIZATION, TEXT GENERATION, SUMMARIZATION, CLASSIFICATION, RESUME/JOB PARSING
- **PROGRAMMING & DEVELOPMENT:** PYTHON, PANDAS, NUMPY, SCIKIT-LEARN, OPENCV, MEDIAPIPE, HTML, CSS, JAVASCRIPT, PHP, GIT
- **DATA VISUALIZATION & TOOLS:** TABLEAU, EXPLORATORY DATA ANALYSIS (EDA), CANVA
- **DEVELOPMENT ENVIRONMENTS:** VS CODE, GOOGLE COLAB, JUPYTER NOTEBOOKS

PROJECTS

- **AI-Powered CV–Job Matching System**

Developed a system to analyze CVs and job descriptions using NLP and LLMs, enabling intelligent matching, skill gap analysis, and automated course recommendations based on candidate profiles.

- **Generative AI Training & Fine-Tuning Projects**

Trained and fine-tuned multiple Large Language Models (LLMs) for tasks including text generation, summarization, classification, and domain-specific use cases through hands-on, project-based implementation.

- **Sign Language Recognition & Tracking System**

Built a real-time hand gesture and sign language recognition system using computer vision techniques, leveraging OpenCV and MediaPipe for tracking and pattern recognition.

- **Web Development Projects**

Designed and developed multiple frontend and backend web applications, focusing on responsive design, data-driven functionality, and AI-integrated features.

PROFESSIONAL TRAINING & CERTIFICATIONS

- **Tech for Jobs – AI & Data Science Training**

Correlation One & USAID

Advanced training in artificial intelligence, data science, and applied machine learning skills.

- **Arduino & Robotics Engineering Certification**

Hands-on training in Arduino programming, robotics fundamentals, sensors, actuators, and basic automation systems.

- **Aspire Leaders Program**

Harvard Aspire Institute

Global leadership development program focused on decision-making, problem-solving, and professional growth.

- **Women in Tech Program**

Zain Jordan

Training program supporting women's empowerment and participation in the technology sector.

- **Career Mentoring Program**

Zain Jordan

Professional development and career guidance through structured mentoring sessions.

- **8th Entrepreneurship Forum**

Entrepreneurship and Innovation Participation

Exposure to innovation ecosystems, entrepreneurial thinking, and startup-focused discussions.

- **Al-Hussein Youth Award**

National Recognition

Awarded for leadership, community service, and active youth engagement.

LEADERSHIP & VOLUNTEERING

- **Partnerships Lead – TEDxTabarbour (OCT 2025 – JAN 2026)**

Leading strategic partnerships and collaborations to support TEDx initiatives, strengthen stakeholder relationships, and amplify youth voices through technology and innovation-focused events.

- **Co-Founder – Volunteer Initiative Supporting Families in Need (2022 – Present)**

Co-founded and managed a community-based volunteer initiative providing essential support to underprivileged families, including team coordination, planning, and outreach activities.

- **Team Leader – Student & Technology Initiatives (2021 – 2024)**

Led multiple student-led and technology-focused initiatives, fostering collaboration, innovation, and leadership development among team members.

- **Participant – Ministry of Youth Leadership & Entrepreneurship Camps**

Actively participated in national youth programs focused on leadership development, entrepreneurship, and civic engagement.
